

STATEMENT FROM BOARD OF DIRECTORS

“Our core business is solid and continues to grow year on year, and we are pleased to announce the proposal to pay dividends to our Shareholders.”

We are pleased to announce the audited results for the year ended 31st December 2020. Due to the COVID-19 pandemic, 2020 was unprecedented in many ways having an adverse impact across the world and in Uganda affecting many sectors and livelihoods in different ways. While the impact of the pandemic affected our business operations, the Bank demonstrated resilience in the face of adversity and our core business remained strong and continued to grow year on year. We are therefore pleased to announce the proposal to pay dividends to our Shareholders.

In response to the pandemic environment, we re-evaluated and made proactive adjustments to our business model, risk management frameworks and business continuity plans. Additionally, we promoted the usage of digital channels and supported customers, especially the SME's to restart their businesses as the lockdown was gradually eased. By remaining close to the customer and constantly evaluating the environment, we continue to deploy new capabilities to support our customers and grow our business.

Business Environment

Global growth contracted by 3.5% due to major disruptions to supply chains that affected productivity of key economic sectors and similarly, Uganda's GDP growth contracted to 1.4%. The economy is estimated to rebound to 5% GDP growth by the end of 2021, but the pace of recovery will depend on how fast business activity picks up and the effectiveness of the measures put in place to contain the spread of the Corona Virus. As a business, we remain optimistic about a faster recovery of the local economy on account of a successful national vaccine roll out program and a resilient business community.

Response to the COVID-19 Pandemic

As a responsive business, we recognized the challenges occasioned by the pandemic and took the following measures to ensure safety and business continuity;

1. Reduced / removed charges on the use of digital channels.
2. Enhanced the alternative channels functionality and increased our digital footprint.
3. Provided credit relief to customers with loan restructures, rescheduling and repayment holidays.
4. Provided support to businesses and households with new and additional funding.
5. Supported the National COVID Taskforce with items in cash and in kind.

In respect to the well-being of our employees, we provided personal protective equipment, regular mass testing, safe transport services to and from work and enabling tools for remote working.

Highlights

While provisions for loans and impairment of the financial asset had a negative impact on profitability, there were positive underlying trends in our core business as follows;

- Net loans and advances to customers grew by 15%.
- Customer Deposits grew by 27%.
- Total assets increased by 18%.
- Proposed dividend of 50.33 Shillings per share.

Earnings Performance

Total revenue remained relatively stable year on year despite the impact of the pandemic and a declining interest rate environment.

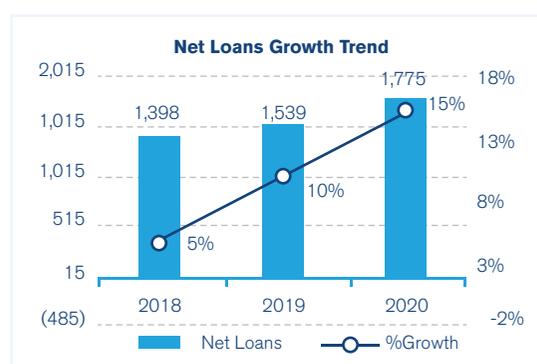

Loan provisions increased by 107% and impairment of the financial asset rose by 400%, to reach 50 Billion consequently posting a net profit for the year of 24 Billion. The Financial asset is composed of non-performing loans that were taken over from the 2017 transaction.

Dividends

The company remained well capitalized with capital ratios of 19.34% and 20.94% for tier one and two capital respectively. Liquidity position remained strong with an average liquid assets ratio above 35%. Considering this robust liquidity, strong equity shareholders and healthy capital position, the Board has recommended a dividend payout to the shareholders.

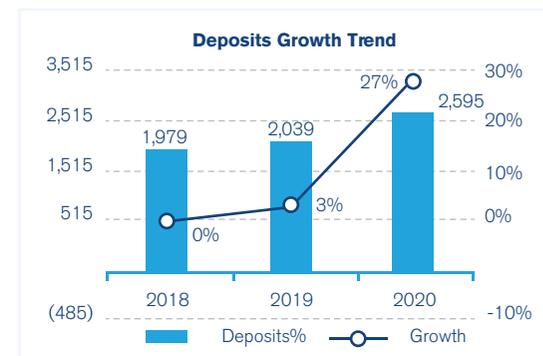

Supporting Business and Individual Customers

We extended support to personal, Small and Medium Enterprises across the country with credit funding and advisory services especially on business continuity, in addition to providing credit relief in terms of loan reschedules, restructures and repayment holidays. We continue to provide this relief as part of enabling customers to 'Restart and Thrive' post the 2020 pandemic. Furthermore, customers who suffered job loss and had credit facilities were provided with insurance payments to meet their loan obligations. Our overall provision of credit to various sectors of the Economy resulted in a 15% growth in net loans and advances to customers.

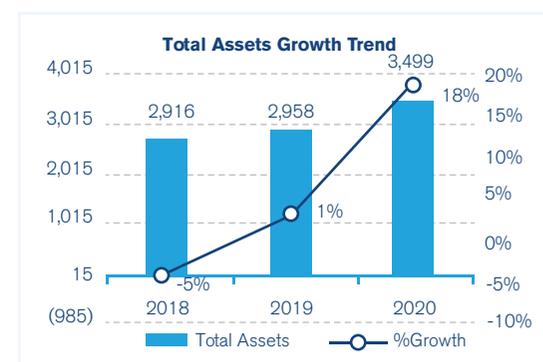

Harnessing the Digital Experience

In our continuous quest to enhance the customer experience, we further invested in digital capabilities that supported growth of new and existing business. We enhanced the functionality of our online and mobile banking, expanded the agent banking network both in footprint and functionality and rolled out a new fleet of Intelligent ATMs with real time deposit acceptance. Furthermore, solutions were deployed for savings and investment groups that eased group administration and member savings via the mobile phone. Subsequently, our customer deposits grew by 27% for the year.

Financial Strength

Sustained growth of total assets underpins the strength and viability of our business. Total assets grew by 18% to 3,499 Trillion Shillings. This robust growth in assets positions us uniquely to deliver improved earnings in the years ahead.

The Future

Over the years, our company has made significant investments to shore up institutional capabilities that enabled us to navigate the pandemic and its resultant effects. Our endeavor to play an active role in transforming the economy and enhancing the well-being of people is in line with the efforts of economic recovery in the new normal environment. Even though challenges remain for a number of sectors, we remain committed to supporting small and medium scale enterprises, advancing the cause of women in business, supporting key sectors of the economy in Agriculture, Manufacturing, Trade, Construction, Communications and Services. We have also laid the foundation to play an active role in the emerging Oil and Gas Sector.

We shall also continue to invest in capabilities that increase convenience for customers in the digital and alternative channels space and innovate products and services that improve the efficiency of our services and provide an all-round excellent customer experience.

Appreciation

We thank all our customers and stakeholders for choosing us as their preferred financial partner and we reiterate our commitment to “Making More Possible.”

Board of Directors

dfcu Group Extract of Consolidated Financial Statements for the year Ended 31 December 2020

REPORT OF THE INDEPENDENT AUDITOR ON THE PUBLISHED SUMMARY CONSOLIDATED FINANCIAL STATEMENTS OF dfcu LIMITED

Opinion

The summary consolidated financial statements, which comprise the summary consolidated statement of financial position as at 31 December 2020, the summary consolidated statement of comprehensive income, summary consolidated statement of changes in equity and summary consolidated statement of cash flows for the year then ended, and related notes, are derived from the audited financial statements of dfcu Limited and its subsidiary, dfcu Bank Limited, (together "dfcu Group") for the year ended 31 December 2020.

In our opinion, the accompanying summary consolidated financial statements are consistent, in all material respects, with the audited consolidated financial statements which are prepared in accordance with International Financial Reporting Standards and the requirements of the Companies Act, 2012 of Uganda.

Summary Consolidated Financial Statements

The summary consolidated financial statements do not contain all the disclosures required by International Financial Reporting Standards and the requirements of the Companies Act, 2012 of Uganda. Reading the summary consolidated financial statements and the

auditors' report thereon, therefore, is not a substitute for reading the audited consolidated financial statements and the auditors' report thereon. The summary consolidated financial statements and the audited consolidated financial statements do not reflect the effects of events that occurred subsequent to the date of our report on the audited consolidated financial statements.

The Audited Consolidated Financial Statements and our Report thereon

We expressed an unmodified audit opinion on the audited consolidated financial statements in our auditors' report dated 30 March 2021. That report also includes the communication of key audit matters. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the current period.

Directors' Responsibility for the Summary Consolidated Financial Statements

The directors are responsible for the preparation of the summary consolidated financial statements which are consistent with the audited consolidated financial statements prepared in accordance with International Financial Reporting Standards and the requirements of the Companies Act, 2012 of Uganda.

Auditors' Responsibility

Our responsibility is to express an opinion on whether the summary financial statements are consistent, in all material respects, with the audited consolidated financial statements based on our procedures, which were conducted in accordance with International Standards on Auditing (ISA) 810 (Revised), Engagements to Report on Summary Financial Statements

dfcu Bank Limited Extract of Financial Statements for the year Ended 31 December 2020

REPORT OF THE INDEPENDENT AUDITOR ON THE PUBLISHED SUMMARY FINANCIAL STATEMENTS OF dfcu BANK LIMITED

Opinion

The summary financial statements, which comprise the summary statement of financial position as at 31 December 2020, the summary statement of comprehensive income for the year then ended, and related notes, are derived from the audited financial statements of dfcu Bank Limited for the year ended 31 December 2020.

In our opinion, the accompanying summary financial statements are consistent, in all material respects, with the audited financial statements which are prepared in accordance with International Financial Reporting Standards and the requirements of the Companies Act, 2012, the Financial Institutions Act, 2004 (as amended) and the Financial Institutions Regulations of Uganda.

Summary Financial Statements

The summary financial statements do not contain all the disclosures required by International Financial Reporting Standards, the requirements of the Companies Act, 2012, the Financial Institutions

Act, 2004 (as amended) and Financial Institutions Regulations of Uganda. Reading the summary financial statements and the auditors' report thereon, therefore, is not a substitute for reading the audited financial statements and the auditors' report thereon. The summary financial statements and the audited financial statements do not reflect the effects of events that occurred subsequent to the date of our report on the audited financial statements.

The Audited Financial Statements and our Report thereon

We expressed an unmodified audit opinion on the audited financial statements in our auditors' report dated 30 March 2021. That report also includes the communication of key audit matters. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period.

Directors' Responsibility for the Summary Financial Statements

The directors are responsible for the preparation of the summary financial statements in accordance with the Financial Institutions

(External Auditor) Regulations, 2010 and the Financial Institutions Act, 2004 as amended by the Financial Institutions (Amendment) Act, 2016.

Auditors' Responsibility

Our responsibility is to express an opinion on whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with International Standards on Auditing (ISA) 810 (Revised), Engagements to Report on Summary Financial Statements.
